## 2009-2010 School Year Report Card

Current Superintendent: Daniel B. Holland (937) 295-3931

The District Report Card for the 2009-2010 school year shows the progress districts have made based on four measures of performance.

Indicators

Performance Index

Adequate Yearly Progress

Value-Added

The combination of the four measures is the basis for assigning state designations to districts, buildings and community schools.

- The six designations are
- Excellent with Distinction
  - Excellent
  - Effective
  - Continuous Improvement
  - Academic Watch
  - Academic Emergency

\*Similar Districts are based on comparing demographic, socioeconomic and geographic factors. \*\*Cumulative results for students who took the tests as 10th or 11th graders.

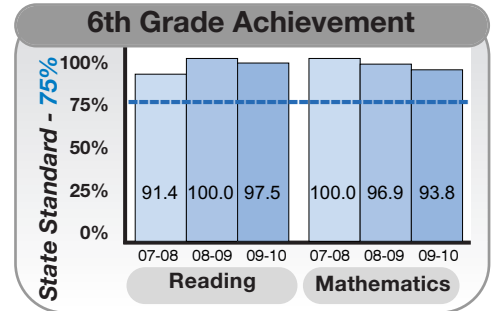

To meet a test indicator for grades 3-8 and 10, at least 75% of students tested must score proficient or higher on that test. Other indicator requirements are: 11th grade Ohio Graduation Tests, 85%; Attendance Rate, 93%; Graduation Rate, 90%.

# Your District's Assessment Results Over Time

All students in the district for a full academic year are included in the results.

The State Indicators are based on state assessments, as well as on attendance and graduation rates. To earn an indicator for Achievement or Graduation Tests, at least 75% of students must reach proficient or above for the given assessment. For the 11th grade Ohio Graduation Tests indicators, a cumulative 85% passage rate for each assessment is required.

\*Cumulative results for students who took the tests as 10th or 11th graders.

# Performance Index

## Performance Index Calculations for the 2009-2010 School Year

The Performance Index reflects the achievement of every student enrolled for the full academic year. The Performance Index is a weighted average that includes all tested subjects and grades and untested students. The greatest weight is given to advanced scores (1.2); the weights decrease for each performance level and a weight of zero is given to untested students. This results in a scale from 0 to 120 points. The Performance Index can be compared across years to show district achievement trends.

### Performance Level Across Grades 3-8 and 10 for all Tested Subjects

(Includes every student enrolled in the district for a full academic year)

	Percentage	X	Weight	=	Points
Untested	0.0	X	0.0	=	0.0
Limited	0.9	X	0.3	=	0.3
Basic	5.0	X	0.6	=	3.0
Proficient	29.9	X	1.0	=	29.9
Accelerated	31.6	X	1.1	=	34.7
Advanced	32.6	X	1.2	=	39.1

### Legend

- +** = Above Expected Growth
- ✓** = Met Expected Growth
- = Below Expected Growth

Your district's Value-Added rating represents the progress your district has made with its students since last school year. In contrast, achievement scores represent students' performance at a point in time. A score of "Above" indicates greater than one year of progress has been achieved; "Met" indicates one year of progress has been achieved; "Below" indicates less than one year of progress has been achieved.

## Legend

This legend explains terms used in the above chart that describe whether each student group met this year's AYP goals.

For test indicators, AYP can be met in one of four ways:

- 1) meeting the AYP targets with current year results;
- 2) meeting the AYP targets with two-year combined results;
- 3) meeting the improvement requirements of Safe Harbor;
- 4) meeting the AYP targets with projected results.

For non-test indicators, AYP can be met in one of three ways:

- 1) meeting the AYP targets with current year results;
- 2) meeting the AYP targets with two-year combined results;
- 3) making improvement over the previous year.

\* The non-test indicators used for overall AYP (Attendance Rate and Graduation Rate) are evaluated only for the All Students subgroup.

<b>N/A</b>	Not applicable.
<b>NR</b>	Not Required – This indicator was not evaluated for this subgroup because the subgroup size was smaller than the minimum number needed to achieve a statistically reliable result. 30 students is the minimum size for the proficiency and non-test indicators, while 40 is the minimum size for the participation rate indicators.
<b>Met</b>	This subgroup met AYP for this indicator with its current year, two-year combined, Safe Harbor, or growth measure results.
<b>Not Met</b>	This subgroup did not meet AYP for this indicator.

**Adequate Yearly Progress (AYP)** is a federally required measure. Every school and district must meet AYP goals that are set for Reading and Mathematics Proficiency and Participation, Attendance Rate, and Graduation Rate. These goals are applied to ten student groups: All Students, Economically Disadvantaged Students, Asian/Pacific Islander Students, Black, non-Hispanic Students, American Indian/Alaska Native Students, Hispanic Students, Multi-Racial Students, White, non-Hispanic Students, Students with Disabilities (IEP), and Students with Limited English Proficiency (LEP). If any one of these groups does not meet AYP in Reading or Mathematics Proficiency, or in Participation, Attendance Rate, or Graduation Rate, then the school or district does not meet AYP. Not meeting AYP for consecutive years will have both federal and state consequences. Federal consequences could include a school or district being identified for improvement. State consequences could include a reduction in the state's rating designation.

\*High-poverty schools are those ranked in the top quartile based on the percentage of economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students. A district may have buildings in both quartiles, in just one quartile or in neither quartile.

# Schools in *School Improvement*

## Name of the School & Years in Improvement

### Name of Schools Identified for Improvement and Years in Improvement Status

No Schools Identified for Improvement in District

Generally, a school will enter School Improvement (SI) after missing AYP for two consecutive years, and it can exit SI only after meeting AYP for two consecutive years.

Every school in SI has to create an improvement plan. If a school in SI receives federal funds, it may have to offer Public School Choice and/or Supplemental Educational Services.

Being in SI for three or more years requires more extensive corrective actions and, eventually, restructuring.

### The National Assessment of Educational Progress (NAEP),

often referred to as "The Nation's Report Card," is the only nationally representative and continuing assessment that enables the comparison of performance in Ohio and other states in various subject areas. Schools and students within each state are selected randomly to be a part of the assessment. Not all students in the state or in a particular school take the assessment. Data are reported at the state level only, and there are no individual student or even school summary results. The assessments are conducted in mathematics, reading, science, writing, the arts, civics, economics, geography and U.S. history.

To view Ohio's most recent NAEP results, go to:

<http://education.ohio.gov>  
and search for key word "NAEP"

# Determining Your District's Rating

Determining your district's report card designation is a multi-step process. The first step is to determine a preliminary designation, which is based on the following components: 1) the percentage of indicators met, 2) the performance index and 3) AYP determination.

Indicators Met		Performance Index Score		AYP Status		Preliminary Designation
94%-100%	or	100 to 120	and	Met or Not Met	=	<b>Excellent</b>
75%-93.9%	or	90 to 99.9	and	Met or Not Met	=	<b>Effective</b>
0%-74.9%	or	0 to 89.9	and	Met	=	<b>Continuous Improvement</b>
50%-74.9%	or	80 to 89.9	and	Not Met	=	
31%-49.9%	or	70 to 79.9	and	Not Met	=	<b>Academic Watch</b>
0%-30.9%	and	0 to 69.9	and	Not Met	=	<b>Academic Emergency</b>

The preliminary designation results from identifying the higher value between the percentage of indicators met by your district and your district's performance index. AYP then is evaluated to determine its effect on the preliminary designation. There are three ways in which AYP can affect the preliminary designation.

1. If a district meets AYP in the current year, it can be rated no lower than Continuous Improvement.
2. If a district does not meet AYP for three consecutive years and in the current year it does not meet AYP in more than one student group, it can be rated no higher than Continuous Improvement.
3. In all other cases, AYP has no effect on the preliminary designation. Thus, the preliminary designation becomes the final designation.

Once the preliminary designation is determined, Value-Added, the fourth measure in the accountability system, is evaluated to determine the impact (if any) on the district's final designation.

1. If your district's rating is restricted to Continuous Improvement due to AYP, then Value-Added will have no impact on the designation and the preliminary designation becomes the final designation.
2. If your district experiences above expected growth for at least two consecutive years, your district's final designation will increase by one designation.
3. If your district experiences below expected growth for at least three consecutive years, your district's final designation will decrease by one designation.

Preliminary Designation		Value-Added Measure*	Final Designation
<b>Excellent</b>	and	Above expected growth for at least 2 consecutive years	<b>Excellent with Distinction</b>
		Below expected growth for at least 3 consecutive years	<b>Effective</b>
<b>Effective</b>	and	Above expected growth for at least 2 consecutive years	<b>Excellent</b>
		Below expected growth for at least 3 consecutive years	<b>Continuous Improvement</b>
<b>Continuous Improvement</b>	and	Above expected growth for at least 2 consecutive years	<b>Effective</b>
		Below expected growth for at least 3 consecutive years	<b>Academic Watch</b>
<b>Academic Watch</b>	and	Above expected growth for at least 2 consecutive years	<b>Continuous Improvement</b>
		Below expected growth for at least 3 consecutive years	<b>Academic Emergency</b>
<b>Academic Emergency</b>	and	Above expected growth for at least 2 consecutive years	<b>Academic Watch</b>
		Below expected growth for at least 3 consecutive years	<b>Academic Emergency</b>

\*In all other cases, including if your district's designation has been restricted to Continuous Improvement, then Value-Added will have no impact on the designation and the preliminary designation becomes the final designation.
