## Rachel's Challenge

### MISSION OF THE SCHOOL:

Ft. Loramie Elementary will develop character attributes that promise a positive learning environment.

### GOALS:

1. Ft. Loramie Elementary will promote social skills pertaining to developing positive relationships.
2. Ft. Loramie Elementary will develop accountability in the students concerning their educational responsibilities.

We recently held our 3<sup>rd</sup> quarter Rachel's Challenge Assembly, celebrating the many Acts of Kindness demonstrated by our students. An impressive 133 students were nominated by their teachers for significant acts of kindness, and 35 of them were randomly selected to receive prizes. As you can see, our Indian Headdress is nearly filled with "kindness feathers," reflecting the incredible generosity and compassion within our school community. With just a few months left in the school year, we are excited to finish strong and continue fostering a culture of kindness!

### Upcoming Events:

- April 4—HS Musical "Mary Poppins"
- April 8—KDG. to Make Believe Hospital at JTDH

## 5th Grade World in Motion

Honda engineers collaborated with our 5th graders for a few Fridays, guiding them through the design and construction of their milk carton cars. The students put their creations to the test in a race to see which design traveled the farthest. The engineers also selected winners for the best-decorated and best-named cars. Throughout the experience, students explored key physics concepts such as potential and kinetic energy and the role of inertia in motion. We are incredibly grateful to the Honda engineers for taking time out of their busy schedules to provide this hands-on learning opportunity for our students!
