Join us in celebrating Grandparents' Day on Friday, November 3rd! This year, we extend a warm invitation to all grandparents (or special persons) of students in Kindergarten through 2nd grade to come and celebrate with us in the gym, starting at 1:30 PM (please refrain from arriving before 1:00 PM).

Upon your arrival, proceed directly to the gym. Each grade level has prepared a brief performance that we are excited to share with our honored guests. Following the performances, we invite you to enjoy punch and cookies with us.

Afterwards, students have the opportunity to bring their grandparents to their classrooms for a visit. Should parents wish for their child(ren) (limited to Kdg-2nd grade) to go home with their grandparents after this event, we request a signed letter from the parent, granting permission for the child to leave with their grandparent. Your participation and support make this day truly special, and we look forward to celebrating with you!

ALICE Drill

This month, we have scheduled an important ALICE drill to enhance our preparedness for various emergency situations. During this drill, both students and teachers will put into practice the ALICE procedure, which stands for Alert, Lockdown, Inform, Counter, and Evacuate. Our commitment to the safety and well-being of our students is unwavering. These drills, similar to our routine fire drills, serve as critical measures to ensure that we are fully prepared to respond effectively in case of an armed intruder entering our premises. Our collective effort and proactive training aim to minimize risks and, most importantly, protect lives. In addition to this upcoming drill, please be aware that we will conduct at least two more unannounced drills throughout the school year as part of our ongoing commitment to maintaining a secure environment for everyone. Your cooperation and understanding are greatly appreciated as we prioritize the safety of our school community.
